

MASTERPIECE MAKEOVER

Lesson instructions and extra resources.

NOTE: All videos have been created in SafeShare. These videos are ad free and appropriate for students.

Also: Please don't feel like you need to complete this activity quickly. We all work at different speeds and approach things in different ways. Enjoy! Have fun! 😊

With this exercise you need to:

1st: Watch this clip of different works by master artists (no sound).

Master Works of Art

2nd: Watch this clip, Masterpiece Makeover (no sound).

Masterpiece Makovers

3rd: Look closely at the two pictures. What items were used to recreate the masterpiece? How were the lines and spaces duplicated?

4th : **TRY IT!** *Get creative!*

- From the images above (or below in the examples), choose a work of art that you like.
- Carefully study the piece. How does the artist use elements and principles such as color, shape, balance, and light to create the composition?
- With **only** 3 or 4 items you find in or around your home, recreate the image!
(You may need to use an extra person or two from your home too!)
- Take a photo of your recreated masterpiece. Try, as best as you can with the items you find, to copy/duplicate how the artist used line, color, balance, etc.

* As you can tell, you may need someone to take it for you. Please, no selfies.

5th: PLEASE **put your name on it**..... make sure I know it is yours 😊

Upload it to the Art file for your grade – which you will find in CLEVER or email it to:

louise.culpepper@cobbk12.org
